## PROFILE

Passionate about creating responsive, user-friendly websites using modern technologies like HTML, CSS, JavaScript, React, and Node.js. Skilled in solving complex problems with efficient, scalable solutions. Adept at transforming innovative ideas into seamless, high-performance web applications. Dedicated to learning, collaborating, and delivering high-quality results that drive success, exceeding client expectations and enhancing user experience. Continuously exploring new technologies to stay at the forefront of web development.

## WORK EXPERIENCE

### The Astra

2025 - PRESENT

Web Developer

- At ASTRA Tech, I am responsible for building and maintaining web applications to enhance the learning and development experience for students.
- I work with cutting-edge technologies such as HTML, CSS, JavaScript, React, and Node.js to deliver responsive, user-friendly websites and tools.

### CSI

2023 - 2024

Technical Team Meamber

- As a Technical Team Member in the CSI Club at DYPIEMR, I contributed to the planning and execution of various technical workshops, events, and projects aimed at enhancing the technical skills of students.
- I collaborated with the team to develop innovative solutions and web applications for club activities.

### ComPsa

2022 - 2023

Jouiner Web Developer

- As a Junior Web Developer in the ComPsa club, I was responsible for collaborating on web development projects, assisting in building responsive, user-friendly websites, and implementing dynamic features using HTML, CSS, JavaScript, and other web technologies.
- I contributed to designing and developing club-related websites and tools
